STATEMENTS OF COMPLIANCE OF INVESTMENT PORTFOLIO QUARTER ENDING February 28, 2015

Statement 1: Compliance with investment strategies of the District.

As evidenced by the market valuations and maturities described in this report, the investments of the District for the quarter ending February 28, 2015 comply with the investment objectives and strategies as expressed in the Odessa Junior College District Investment Policy. The investment objectives, in order of priority, are:

- a. Preservation and Safety of Principal
- b. Liquidity
- c. Maturity
- d. Portfolio Diversification
- e. Yield
- f. Investment Suitability

Statement 2: Investment Strategies for the next quarter:

Current, Loan, Endowment, and Agency Funds: These funds are pooled together and invested to assure adequate liquidity for cash flows. To accomplish this, the District will continue to invest in public funds investment pools, daily liquidity money market funds, short- to medium-term government agencies, high-quality dual-rated commercial paper, and/or certificates of deposit.

Unexpended Bond Proceeds: At the end of this quarter, the unexpended 2011 General Obligation Bond proceeds were invested in Texas public funds investment pools, certificates of deposit, commercial paper, short-to medium-term government agencies, municipal bonds, and corporate bonds. The funds are invested to match projected liquidity and spending needs. No funds will be invested in instruments with maturities exceeding the expected construction schedule.

Bond Debt Service Interest & Sinking Funds: Interest and sinking funds are set aside on a monthly basis and invested in a separate TexPool account until the semi-annual debt service payments are made.

Bond Debt Service Reserves: The 2009 Bond debt service reserve is invested separately in medium-term government agencies, certificates of deposit, and a separate TexPool debt service account.

Renewal/Replacement Funds: These funds are invested in a variety of instruments including public funds investment pools, daily liquidity money market funds, short- to medium-term government agencies, high-quality dual-rated commercial paper, and/or certificates of deposit. The average maturity of these funds is longer than the Operating Funds as only a portion of the fund balance is budgeted for expenditure in the current year.

Statement 3: Compliance with requirements relating to business organizations seeking to sell investments.

All business organizations that have sold investments to Odessa College during the quarter ended February 28, 2015, have executed a written instrument stating that the qualified representative of the organization has:

received and thoroughly reviewed the Investment Policy of the Odessa Junior College District, and
 implemented reasonable procedures and controls in an effort to preclude imprudent investment activities arising out of investment transactions conducted between the District and the organization.

Statement 4: Compliance with requirements of the Public Funds Investment Act.

To the best of my knowledge, the investment portfolio of the District at February 28, 2015 and the investment transactions entered into during the quarter then ended are in compliance with the Texas Public Funds Investment Act.
