In this new academic year, we are offering students even more flexibility than before with virtual, hybrid, and face-to-face classes while maintaining proper social distancing and requiring masks on campus. We are also conducting daily screenings for all students, staff, faculty, and visitors. For students seeking financial assistance, the OC Financial Aid office is awarding CARES emergency scholarships and Pell grants to eligible students who have completed their FAFSA.

As we navigate through another Fall semester we look forward to the great things we'll accomplish in this new year. At Odessa College, our work continues.

Helping Here.

The 12th Annual Drive to Success (DTS) drawing was held on Thursday, Sept. 3, and Montana Hudson took home a brand new Ford Mustang! Thank you to all of our sponsors for continuing to support this important program.

To qualify for Drive to Success, students must be enrolled in at least six credit hours each semester. Students then collect DTS points by attending various campus events. Faculty can also award DTS points to students who go above and beyond in their classes.
